Clinical Test Menu Change Notification

MiraVista Diagnostics recently evaluated customer demand for testing we provide, to ensure our test menu accurately reflects the needs of our customers and to allow us to allocate resources to the services that bring the greatest value to the clinicians and laboratorians we serve. Beginning February 15, 2016 the following changes will be made to our clinical test menu.

- **Test Code 312, Itraconazole Bioassay will no longer be orderable for human patient specimens.**
- **Testing for veterinary patient specimens will continue to be processed on Wednesdays only.**

If you have any questions regarding this change, please direct your inquiries to John Witt or Janet Raymond at 866-647-2847.
