

Experience the ADVANTAGE

Qualifications + Strengths

Organizational Profile

- Founded by Lawrence Joseph Wheat, MD
- Exclusive focus on mycology diagnostics since 2002
- Team of experienced infectious disease scientists
- Diagnostic expertise with human + animal populations
- CAP + CLIA certified clinical reference laboratory
- 100,000+ fungal diagnostic tests processed annually
- 1,000+ scientific articles published

Features + Benefits

Industry Differentiators

- Onsite clinical reference laboratory
- Broad menu of diagnostic tests for serious fungal infections
- Exceptional testing accuracy + sensitivity levels
- National client base of hospitals + universities
- Same day testing and fast shipping
- Affordable pricing
- Prompt response + professional client service

Licenses + Certifications

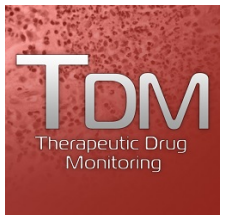

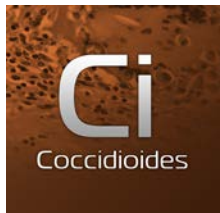

Credentials

- CLIA Certification
- CAP Certification
- California Clinical Lab License
- Florida Clinical Lab License
- Maryland Clinical Lab License
- New Jersey Clinical Lab License
- New York: Clinical Lab Permit + Clinical Lab Director Certification
- Pennsylvania Clinical Lab License
- Rhode Island Clinical Lab License

Clinical Expertise

Serious Fungal Infection Diagnostics

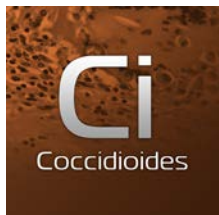

- Aspergillus Testing
- Beta D Glucan Testing
- Blastomyces Dermatitidis Testing
- Coccidioides Testing
- Cryptococcus Testing
- Histoplasma Capsulatum Testing
- Anti-Fungal Therapeutic Drug Monitoring

Medical Mycology

Fungal Infection Diagnostics for Human Health

- Antigen Testing + Detection
- Antibody Testing + Detection
- Anti-Fungal Therapeutic Drug Monitoring

Medical Diagnostics + Testing

Antigen Detection Test Menu

- Aspergillus Galactomannan EIA Test
- Beta D Glucan Test
- Blastomyces Quantitative EIA Test
- Coccidioides Quantitative Test
- Cryptococcus Latex Agglutination Test
- Histoplasma Quantitative EIA Test

Medical Diagnostics + Testing

Antibody Detection Test Menu

- Aspergillus IgG EIA Test
- Aspergillus Immunodiffusion Test
- Blastomyces Immunodiffusion Test
- Coccidioides Immunodiffusion Test
- Histoplasma Immunodiffusion Test

Medical Diagnostics + Testing

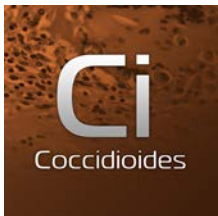

Anti-Fungal Therapeutic Drug Monitoring (TDM)

- Itraconazole Bioassay

Veterinary Mycology

Fungal Infection Diagnostics for Animal Health

- Antigen Testing + Detection
- Antibody Testing + Detection
- Anti-Fungal Therapeutic Drug Monitoring

Veterinary Diagnostics + Testing

Antigen Detection Test Menu

- Aspergillus Galactomannan EIA Test
- Beta D Glucan Test
- Blastomyces Quantitative EIA Test
- Coccidioides Quantitative Test
- Cryptococcus Latex Agglutination Test
- Histoplasma Quantitative EIA Test

Veterinary Diagnostics + Testing

Antibody Detection Test Menu

- Aspergillus IgG EIA Test
- Aspergillus Immunodiffusion Test
- Blastomyces Immunodiffusion Test
- Coccidioides Immunodiffusion Test
- Histoplasma Immunodiffusion Test

Veterinary Diagnostics + Testing

Anti-Fungal Therapeutic Drug Monitoring (TDM)

- Itraconazole Bioassay

Let us earn your trust + your business.
Send us your fungal testing to experience the ADVANTAGE.
