

**Table.** Clinical Characteristics, Treatment, and Outcome of Possible IRIS in Patients with Histoplasmosis

Disease	Time after reducing immunosuppression or initiating ART, interval	Manifestation and time after diagnosis histoplasmosis	Antigenuria -at diagnosis histo -at diagnosis IRIS -at follow-up	Treatment	Outcome	Reference
AIDS	ART	Rash, 3w	-15.2 U	AmB	Recovery	Shelburne [1]
AIDS	ART	Lymphadenopathy, splenic infarction, 4w	Not done	AmB	Recovery	Shelburne [1]
AIDS	ART	Facial ulcers, 4w	Not done	AmB	Recovery	Shelburne [1]
AIDS	ART	Liver abscess, worsening CNS lesion, 2w	Not done	Naproxen	Recovery	Breton [2]
AIDS	ART	Arthritis, uveitis, 2m	Not done	Optic corticosteroid	Recovery	Breton [2]
AIDS	ART	Lymphadenopathy, 11m	Not done Culture negative	None	Recovery	Breton [2]
AIDS	ART	Intestinal obstruction, 4w	Not done	ART stopped	Recovery	Breton [2]
AIDS	ART	Necrotic lymphadenopathy, 0d	Not done	Not stated	Recovery	Peigne [3]
AIDS	ART	Meningitis, 43mo (ART interrupted)	Not done	Not stated	Recovery	Peigne [3]
AIDS	ART	Rash, 2m	Not done	Not stated	Recovery	Peigne [3]
AIDS	ART	Lymphadenopathy, fistula, 40m (ART interrupted)	Not done	AmB	Recovery	Passos [4]
AIDS	ART	Respiratory, necrotic rash, 2w	Not done	AmB	Recovery	Delfino[5]
AIDS	ART	Hemophagocytic syndrome, 3w	Not done	AmB, IV IG	Recovery	De Lavaissier [6]
AIDS	ART	Lymphadenopathy, 2m	Not done	AmB	Recovery	Mambie [7]
AIDS	ART	Osteomyelitis, 2m	Not done	AmB	Died, 4w (stopped therapy)	Marianelli [8]
Renal transplant	Corticosteroid	Respiratory, hemoptysis	Not done		Recovery	Jazwinski [9]
Sarcoidosis*	Infliximab, 10w	ARDS, 1w	-8.48 U -4.39 U -None detected	Corticosteroid	Recovery	Vergidis [10]
RA*	Adalimumab, 6w	Worsening liver function, 4w	-5.55 U -1.77 U -None detected	Vori switch Flu	Recovery	Vergidis [10]
JRA*	Etanercept, 1w	Rrespiratory, 4d	-5.08 ng - <0.6 ng	None	Recovery	Vergidis [10]
RA	Infliximab, 4w	Respiratory, 7d	Not done Culture negative	None	Recovery	Vergidis [10]
Crohn's*	Infliximab, 10w	Respiratory, hemophagocytic syndrome, 1d	Not done	Corticosteroid	Recovery	Vergidis [10]
Crohn's	Infliximab, 9w	Enlarging hilar and lung mass, 0d	Not done -4.6U	None	Recovery	Vergidis [10]
Crohn's	Infliximab, 6w	Respiratory, 6d	-5.72 ng -5.21 ng	Itra switch AmB	Recovery	Vergidis [10]

			-None detected			
Crohn's*	Adalimumab, 4w	New splenic lesions, 12d	-10.3 ng -4.29 ng	None	Recovery	Vergidis [10]
RA	Etanercept, 11m	Lymphadenopathy, 45w	-8.46 ng -None detected Culture negative	Corticosteroid	Recovery	Vergidis [10]
JRA	Methotrexate, 9m	Lymphadenopathy, 9m	-12.0 ng -2.2 ng -None detected Culture negative	Corticosteroid	Recovery	Unpublished
Arthritis Steroids*	Corticosteroid, 11m	Draining soft tissue nodules	ND ND	Corticosteroid	Recovery	Unpublished
Renal transplant	Uncertain	Respiratory, 3w	-S ALQ U ALQ -S 3.2ng U 14.6ng -S 2.1ng U 14.0ng	Corticosteroid	Recovery	Unpublished
Ulcer colitis	Azathioprine, corticosteroid, 12m	Soft tissue necrosis, 12m	-4.4 ng -<0.6ng -None detected	uncertain	Recovery	Unpublished
